User Manual

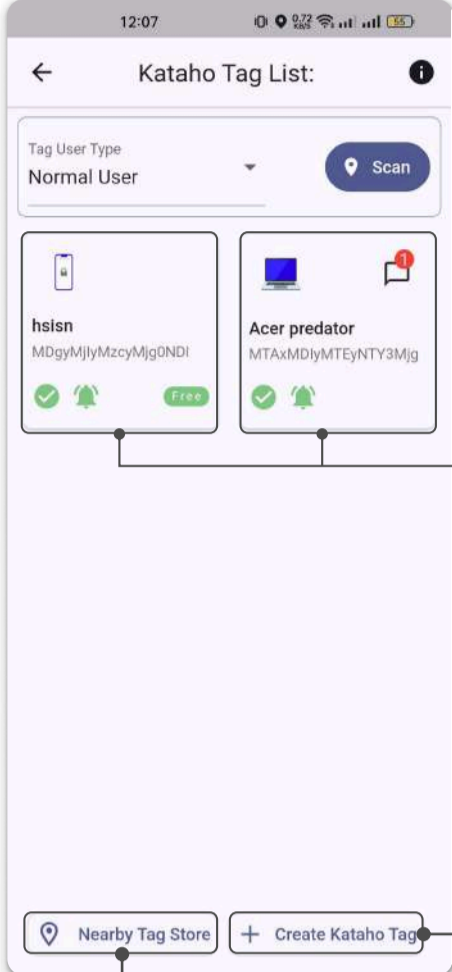

How to create Kataho Tags?

Click on **Menu** button on the navigation bar.

Click on **Kataho Tags** button on the menu.

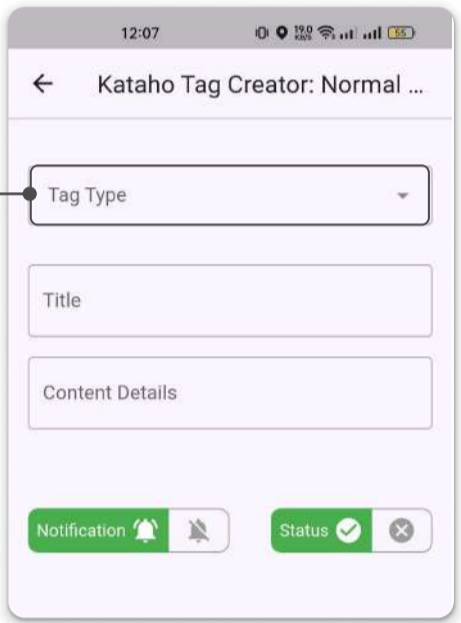

These are the list of all Kataho tags created by the user.

Click **Create Kataho Tag** to create new tag.

Click to find the nearby Kataho Tags store.

Select the type of tag.

Select the subtype of your preferred tag.

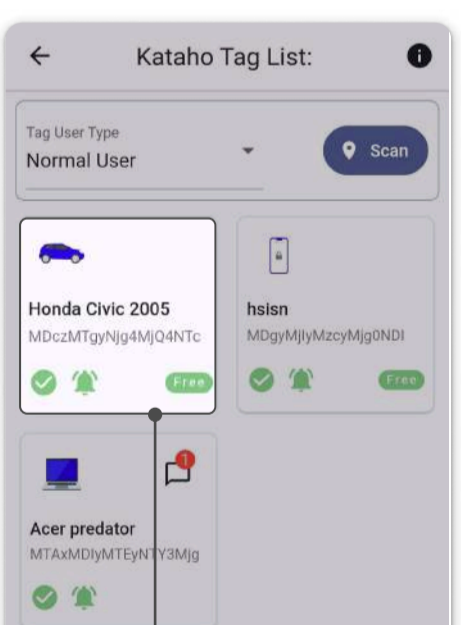

Give a title to your tag.

Choose what you want other users to see when they scan your tag.

Save your tag details.

Find your newly made Kataho tag here.
